Subject: Re: Concerns

Steve & Bill,

It is clearly obvious that the attached letter represents a disconnect, misrepresentation, and lack of trust from the Neighborhood Associations toward the other partners in our on-going efforts to work together to improve our relationships and the climate in the neighborhoods. As a result, the university needs to take some time to regroup and reconsider our activities. With students moving in tomorrow, we will not be able to address your concerns within the next 24 hours. Therefore, there will not be a meeting tomorrow evening.

We will be in touch with you when we are prepared to meet again.

Michael
